

## Worbla's Finest Art

High-quality, thermoplastic material for molding costumes, sculptures or any kind of objects. The glue is very strong and edges can be blended well together. Furthermore, it is really simple to create a smooth surface and all kind of colors such as acrylics or spray paints can be used for painting. Though, it is recommended to prime the surface before painting.

- Wood as a basis
- 100% recyclable and reusable, it can be re-activated as often as wanted to
- Non-toxic and solvent free
- Recycling independently of the textile substrate
- Excellent repair and connecting possibilities, also with other thermoplastics
- Simple, safe and clean handling, also for beginners
- Processing time up to several minutes, depending on the time of exposure of the heat
