

Worbla's Pearly Art

High-quality, thermoplastic and extremely smooth material for molding costumes, especially to apply on foam sheets. The glue is very strong and edges can be blended well together. Furthermore, with the white material it is really simple to create a smooth surface and all kind of colors such as acrylics or spray paints can be used for painting. Though, it is recommended to prime the surface before painting.

- 100% reusable, it can be re-activated as often as wanted to
- Non-toxic and solvent free
- Excellent repair and connecting possibilities, also with other thermoplastics
- Simple, safe and clean handling, also for beginners
- Processing time up to several minutes, depending on the time of exposure of the heat
